P R O G R A M S

NOTE :

The GLSS4 data capture was completed using IMPS version 3.1. The main components of IMPS used in the data processing are:

- the data dictionary component **DATADICT**
- the data entry component **CENTRY**, and
- the data editing component **CONCOR** used for consistency and range checks.

The following data processing files are located on the CD-ROM in the directory **...\PROGRAM**

FILENAME	DESCRIPTION
Household Questionnaire Part A	
GLSSPTA.DD	IMPS-Datadict data dictionary for household questionnaire Part A
GLSSPTA.AP	IMPS-Centry data entry program for the Household Questionnaire Part A
GLSSPTA.LST	IMPS-Datadict data dictionary (listing file) for Household questionnaire Part A
GLSSPTA.CN	IMPS-Concor data editing program for Household questionnaire Part A
Household Questionnaire Part B	
GLSSPTB.DD	IMPS-Datadict data dictionary for household questionnaire Part B
GLSSPTB.AP	IMPS-Centry data entry program for the Household Questionnaire Part B
GLSSPTB.LST	IMPS-Datadict data dictionary (listing file) for Household questionnaire Part B
GLSSPTB.CN	IMPS-Concor data editing program for Household questionnaire Part B
Community Questionnaire	
GLSSPTC.DD	IMPS-Datadict data dictionary for the Community Questionnaire
GLSSPTC.AP	IMPS-Centry data entry program for the Community Questionnaire
GLSSPTC.LST	IMPS-Datadict data dictionary (listing file) for the Community Questionnaire
Price questionnaire	
GLSSPTD.DD	IMPS-Datadict data dictionary for the Price Questionnaire
GLSSPTD.AP	IMPS-Centry data entry program for the Price Questionnaire
GLSSPTD.LST	IMPS-Datadict data dictionary (listing file) for the Price Questionnaire
